NEW FEATURES IN CURRICULUM OF SCHOOLS THIS YEAR

Enrollment of 1882 Numbered First Week With 46 Teachers—Music And Science Laboratory Added

HEALTH WORK CONDUCTED BY PUBLIC HEALTH NURSE

Middlesboro public schools have passed eight days under the new administration and the remarkable manner in which they are straightenning out and the work is being carried on points to success of the most absolute kind The new superintendent, J. W Bradner, has taken charge of things in an admirable way, while the promise of five new schools with new equipment completed within the next few months helps bolster the school interest forward

There were enrolled in the public schools the first week 1460 white children in the elementary grades and 172 in the high school and 250 in the colored school For this number there are 46 teachers

A number of new features have been introduced into the school this year One of the chief of these is music. Now each child in the school over the first grade is given a music book and each one is to be taught the elements of vocal music The supervisor is Miss Lillian Seay of Danville, a graduate of the Louisville Conservatory of Music She outlines the work for the teachers and once a week gkes into each room to give personal instruction. The teachers carry the work on the other four days. The purpose of this course is to teach children to love music and to understand it

A better science department has been organized this year than previously..A physics laboratory has been fitted up for instruction in that course under R. F Porter and laboratory work is being stressed in the other sciences. The domestic science department is doing good work, teaching sewing in the seventh and eighth grades and cooking in the high school

Miss Wilhemine Blair has charge of the health work again, carrying it on this year in a systematized manner She is examining every child in school at the first of the year and making recommendations that she sees fit The school will take up the care of under nourished children and recommend the correction of eye and throat trouble at her suggestion. She is also directing physical education and physical exercises are held in each room each day.

This is the first year that the school has had an athletic coach, although it has had athletics before. R F. Porter, the new coach, is a four-letter man from Georgetown College The high school boys will play their first game of football with Junction City, here Saturday

PAROLE HAMSTEAD BOY TO MOTHER

Coroner's Inquest With Magistrate Yesterday Indicates Boy As Slayer

Marshall Hampstead. 9 years old. held for the killing yesterday of Charles Lamb, 7. has been paroled into the custody of his mother, Mrs. C. Hampstead, until the county judge can hold his trial. Marshall still steadily denies that he shot the little Lamb boy and holds to his story that a man came along and killed Charles.

A coroner's inquest was held yesterday afternoon with Magistrate C. G. Smith. Their verdict was that Charles Lamb came to his death by gun shot at Mrs. C. Hamstead's house and that they believed he came to his death by the hands of Marshall Hampstead. Members of the coroner's jury were: L. D. Hill, foreman; J. C. Webster, Andrew Beach, L. B. Blevins, Grant Poore and William Britenbach

STILLMAN DENIED DIVORCE DECREE FROM WIFE TODAY

Little 'Guy' Declared Legitimate By Referee Who Upholds Mrs. Stillman And Admits Accusations Against Husband

CHILD WILL SHARE IN GRANFATHER'S $3,000,000 ESTATE

By Associated Press.

Carmel, N Y, Sept. 29.—James A Stillman, former president of the National City Bank, was denied a decree in the suit for absolute divorce against his wife, Anne Stillman.

Guy Stillman was declared legitimate in the findings of Daniel J Gleason, referee in the case which was filed here today.

The referee's decision is a complete victory for Mrs Stillman Not only was her defense upheld but the referee also confirmed her charges that Mr Stillman misconducted himself with Florence H Leeds, former Broadway show girl and that she had born two children The referee wrote that Stillman's testimony that Mrs Stillman misconducted herself with Fred Beauvais, part Indian guide, who was alleged by Stillman to be the father of little Guy Stillman "uncontradicted and unexplained, was sufficient to justify him in the belief that Mrs Stillman was guilty of the charges made against her. Careful examination, however of all the testimony," said the referee, "has shaken my faith and belief in the testimony of witnesses called in the plaintiff's behalf" Attorneys for Stillman declined to say if he would appeal from the referee's findings.

Through his mother's victory Guy Stillman retains his rights as heir with his two brothers and sisters to the $6,000,000 trust fund created for them by their grandfather the late aJmes Stillman.

TO LET CONTRACT FOR KNOX ROAD

Bids Opened Yesterday By State Commission — To Be Given Oct. 8.

Surfacing on the Barbourville-Magnet road will cost between $325,000 and $344,000, according to bids that were opened by the state highway commission in Frankfort Wednesday Bids were received on reinforced concrete, Kentucky rock asphalt with a concrete base and Topeka mixture, with a concrete base. Selection of the type of road to be built will be made by the commission between now and October 8. Steve Watkins, division engineer, said Thursday when the commission will meet again and award the contract

The bids included a provision, Mr Watkins said, that work on the road will begin within 15 days after the letting of the contract and must be completed before January 1, 1924.

A. J. Wardrup of Knoxville, made the lowest bid on the concrete road with a price of $325,852.40, Mr. Watkins said, with the Davis & Graham bid only $1300 higher. The Wardrup company also made the low bid on the Topeka mixture road with a price of $343,689 52 Betzel & O'Hearne of Covington, was low on the asphalt road, with a concrete base with a bid of $338,398 12.

These bids were all in line with the estimate of the division engineer's office, Mr. Watkins said, and the contract probably will be let October 8 on one of the three bids, depending on the commission's choice of type of road.

With the letting of the contract for this portion of road, only about 12 miles more, the road from Barbourville to Corbin, remains undisposed of in the section of road that the Dixie Highway Commission requires in order to Route the Dixie Highway to Knoxville through here.

N. R. Patterson, J. H. Jeffries, E Philphot, D. M. Bingham, Wm. Lowe, H. C. Rice and W. G. Colson, attorneys, of Pineville, were here today attending court.

IF SIZE WERE DETERMINED BY NOISE

TO ALLOW SCHOOL FULL QUOTA ASKED

Council Last Night Adds 20 Cents To Tax Ordinance—Will Rebuild Foot Bridge.

Reconsideration of the city tax ordinance last night in a special session of the city council resulted in passing an amendment to it giving the public schools the $1 allowance that they had asked for This makes the city tax $2.30. The amendment was passed unanimouly

The school allowance was curtailed 20 cents when the tax ordinance was passed last month to satisfy the large wave of protest against the tax levy. The ordinance as passed last night is exactly as first presented to the council.

The committee on bridges of the council met this morning with the city engineer, J. C. Richardson, and decided that reconstruction of the present swinging bridge was the best thing that could be done on it at present as a new truss bridge would be so expensive.

DEMONSTRATION OF ARBUCKLES COFFEE AT CHAMBERS SATURDA

Arbuckle Bros, under the direction of their local agent, Walter Yeager, will give a demonstration tomorrow at Chambers Grocery Co store on the merits of Arbuckles' Breakfast Coffee. At this time the different methods of properly preparing and serving this coffee will be explained and coffee will be served to the store's guests at that time. The public is invited to attend this demonstration.

TREASURY CERTIFICATES ON SALE UNTIL SEPTEMBER 30.

Columbus, O, Sept. 29.—According to an announcement by the Savings Division of the Fourth Federal Reserve district, approximately $120 000,000 worth of Treasury Savings Certificates have been absorbed by the general public since the first of the year. The sale of these certificates being now established on a going basis, and due to the improvement that has taken place in the investment market, the Treasury Department increased the price of these certificates, in accordance with a recent announcement, reducing the interest rate to 4 per cent compounded semi-annually. The new prices become effective Monday, October 2nd, beginning which date the $1000 certificate will be sold for $820, the $100 certificate for $82.00 and the $25 certificates for $20.50.

DRAMA OF KENTUCKY MOUNTAINS FULL OF REAL LIFE

John Fox Jr's famous story of life in the Valley of Kingdom Com, "The Little Shepherd of Kingdom Come, dramatized by Sidney Toler comes to the Manring Theatre, Thursday, October 5th.

A boy's love for his dog, a Kentucky feud, and a justice of the peace who with a volume of Blackstone under his right and and a jug of moonshine in his left hand, traversed the Kentucky mountains in the interest of justice, fom the pivotal points of interest on the play. The curtain rises on a mountain cabin and a fight; the boy Chad, a homeless waif, is threatened with destruction by Daws Dilton and is saved through the intervention of Big Joel Turner(father of Melissy. The story of Chad's rise to fortune, his fondness for Melissy the mountain girl "who had always loved his dog" from the basis of a real story, rich in humor, strong in plot and one crowded with unusual characters.

PINEVILLE HIGH PLAYS UNION COLLEGE FOOTBALL TODAY

Several carloads of football enthusiasts have gone to Pineville this afternoon to see the first game of the year there between Pineville High School and Union College. The Middlesboro High School football team was invited to attend this game in a body

Unfortunately, some of the best players of the Pineville team could not be in the game. Roy Gibson, one of the best field men, is out on account of a broken collar bone and Russell Crooks fastest man on the team, has torn tendons in his leg. Union College was expected to play straight football while Pineville intended to play the open game.

500-BARREL OIL TANK HIT BY LIGHTNING EXPLODES

By Associated Press.

Bowling Green, Sept. 29.—Five hundred barrel tank filled with oil belonging to the Indian Refining Co., at Memphis Junction, near here was struck by lightning early today and set on fire. Eight other tanks nearby are in danger.

APPELLITE COURT CONFIRMS PIERCY PENITENTIARY TERM

By Associated Press

Frankfort, Sept. 29—The court of appeals today affirmed the 15 years' sentence given Lawrence Piercy, convicted in Madison circuit court of banding together with Thomas Keith and Monk Wilson to injure P. W. Wells a wealthy Madison county resident.

FOOTBALL PEP MEETING TONIGHT

Leo Wardrup Head Athletic Association Organized This Morning—"Liz" Hurst Cheer Leader

A large pep meeting will be held in the high school auditorium tonight at which time the student will practice songs and yells which they will use at the game tomorrow and Capt. Laurel McWilliams and Jim Ginsburg will make short talks. This is the first football game of the season and enthusiasm over it in the school is almost at white heat.

An athletic association was organized in the high school at chapel this morning, Leo Wardrup was elected president. Wellman Cooke was made athletics business manager, Elizabeth Hurst was elected cheerleader and Jack Avent assistant cheerleader. Supt. J. W. Bradner and Coach R. F. Porter both made short talks on the organization of the association, its purpose and functions, and the plan it should follow.

The football game tomorrow with Junction City High School will be called at 2:30 p. m. The boys are practicing particularly these last few days and are determined to win this first game. New football equipment is to be given out to the players this afternoon. T. R. Hill will referee the game tomorrow and L. D Rouser will act as umpire.

S C GIVES CENTRE FOOTBALL SQUAD ROYAL RECEPTION

By Associated Press

Greenville, S. C. Sept 29.— A delegation of citizens left here today for Hendersonville to mee the Centre College football squad which is enroute to Clemson to play the South Carolina Tigers tomrrow. They will be given a luncheon by the business men at Hendersonville and then be brought here

LOOT OF CINCINNATI BANK ROBBERY MAY TOTAL $50,000

By Associated Press

Cincinnati, Sept. 29.—No trace has been found of the bandits who held up Hamilton county bank here yesterday, it was said today. It was also reported that the loot may total $50.000. They secured $20,000 in cash and $25,000 in Liberty bonds. A check on the missing municipal bonds has not been completed yet.

Miss Ann Gregory of Pineville, was the guest of Miss Minnie Caldwell Perkins yesterday and today.

VICTORY FOR SMITH IN N. Y. CLAIMED BY SUPPORTERS

Murphy Silent On Election—Report Smith Will Not Run With W. R. Hurst

By Associated Press

Syracuse, N. Y., Sept. 29.—Upstate leaders who have been fighting for Alfred Smith to head the New York State ticket at the November election are claiming victory as the state Democratic convention opened today. A conference between them and Charles F Murphy continued until early today. Murphy continued his accustomed silence but leaders in Tammany have confidence. They say the demand for Smith's nomination prevailed. The decision attributed to Smith followed that their candidate would not run on a ticket with William Randolph Hurst may mean the selection of a candidate for United States senator is still an open issue

EWING DEFEATS ROSE HILL, AT BASKETBALL 8 TO 5

The first basketball game of the season was played by L. C. I. team against the Rose Hill High school team, on the Rose Hill court, Thursday afternoon The final score was 8 to 5 in favor of the Ewing team.

During the first half of the game R. C Graham, assistant principal of L. C. I. acted as referee and during the last half M. B. Jennings, R. H. H. S. was referee. Quite a number of persons from both places attended the games.

The lineup was as follows:

Rose Hill:	Position	L. C. I.
Mary Giles	Forward	Josephine Humphreys
Mabel Hobbs	Forward	Venta Robbins
Bee Grabeel	Guard	Elizabeth Weston
Mae Grabeel	Guard	Bernice Spencer
Henrietta Hoskins	Center	Angie Fugate
Ida Carter, s	Center	Grace Smith

Substitutes: Thelma Robinson and Elizabeth Smith, Rose Hill; Hila Crockett and Martha Parkey, Ewing.

AMERICAN MINING CONGRESS MEETING

Herbert Wilson Smith, head of the Tariff Bureau of the American Mining Congress, will be present at the meeting of the State Chapters of the South who will meet at Hotel Patten, Chattanooga, September 29 for the purpose of forming a Southern Division of the American Mining Congress. Mr. Smith will address the meeting on the subject of car supply, transportation facilities, etc. He will also touch on the tariff bill and its effect on the graphite, manganese, barytes and pyrites industries.

Dr. Henry Mace Payne of New York, eminent consulting engineer of the American Mining Congress, has been in the South several weeks arranging for this meeting, and he will be one of the principal speakers before the conference.

The efforts of the American Mining Congress for the establishment of right and justice in public affairs and its pronouncement that—

"The right to strike is a qualified right, which ceases and becomes a conspiracy against the government when it interferes with the production and distribution of the necessaries of life."

entitles the congress to the heartiest support, endorsement and cooperation of every man interested in the industrial development of the south.

The development of cheap power and what it means to the mining operations in the south is another subject which will be given careful consideration at the Chattanooga meeting.

Indications are that this will be the most important meeting ever held by the mining interests of the south, and that there will be a large number of operators from all over the South present at the meeting.—Chattanooga Chamber of Commerce.

ELABORATE PLAN TO MAKE HARVEST FESTIVAL SUCCESS

Well-Known Speakers Talk Both Days —Produce To Be Exhibited in Tent, Novel Contests and Races Planned.

SEVENTEEN LOCAL MERCHANTS TO HAVE EXHIBITION BOOTHS

Elaborate plans to make the harvest Festival the most interesting affair of its kind ever held here are under way. The festival, while planned primarily for the instructive and material benefit of those who will attend, will also have a number of entertainment and amusement features.

The festival will be held next Friday and Saturday, October 6 and 7. A large exhibit of farm products will be in the big tent at Cumberland Avenue and Twenty-second street, the principal attraction. A wide variety of products are to be shown with substantial prizes [illegible] each Every one who can is to enter exhibits in the contest. All entries must be [illegible] first day, Friday.

Three well-known speakers have been secured for the occasion, Hill, manager of the Produce Company, and two popular speakers, [illegible] ternoon on "Market[illegible]uce," a subject which [illegible] to discuss R. C. Gra[illegible] agricultural depart[illegible] Memorial University, [illegible] urday morning on [illegible] Saturday morning [illegible] of the University of [illegible] sion service, having [illegible] an authority on agri[illegible] throughout the state. [illegible] "Fruit Growing."

A number of [illegible] and business men will [illegible] ranged around the [illegible] under the tent. There [illegible] tain displays of the [illegible] or some novel exhibit. [illegible] who have booths are [illegible] and Trust Co., Lees [illegible] zel and Overton, Dixie [illegible] Middlesboro Hardware [illegible] Bros, Gibson Bros., [illegible] Tennent, Motch Motors [illegible] Allen Lumber Co., Nation[illegible] gan Bros., Chambers, [illegible] Inman, Shelburn Drug Co., [illegible] Scales.

Details for the entertainment of guests are being worked out by committee in charge. [illegible] will have a special show at the beautiful new Manring Theatre [illegible] afternoon, to which each [illegible] the Harvest Festival will be given free ticket. The title of this picture is "Where Is My Wandering Boy Tonight?" Various novel contests and races are being planned for the occasion. Prizes are offered by local merchants along every conceivable line, from the smallest man to the largest man, the oldest Ford to the oldest woman permitted, old maid. Souvenirs of different kinds will be given away at the booths in the tent

The rest rooms of the First National Bank and the Manring Theatre will be open to the guests these two rooms in the vacant Sprague building [illegible] the new Shelburn Drug Co. [illegible] will be fitted up as a rest room. A special place to park automobiles and horses will be set aside. Those coming to the tent are being urged to bring their visitors to eat their lunch from the basket dinner both days.

Saturday—9 a. m.—Fat cattle; 10 a. m.—Baby Beef Show; 12 noon—dinner; 3 p. m.—Sweepstake cattle.

SUMMARY OF WEATHER CONDITIONS FOR LAST WEEK

Louisville, Sept. 29.—Moderate to heavy rains over most of the State the first of the week caused improvement in such of the late crops as had not matured. The greatest improvement was in late potatoes, which are fair to good in some northern counties; principally the gardening districts near the larger cities. The growth of potatoes has been so delayed by the drought, that a considerable part of the crop will need three weeks yet for maturing.

There was also improvement in late corn and tobacco in the northern counties, where the condition of these crops is fairly good. They have generally matured in the southern counties, where most of the tobacco has been housed and corn cutting is far advanced. There is considerable tobacco still in the field in the northern burley district. The weather continued favorable for curing tobacco, and for drying corn in shock; also for harvesting cowpea and alfalfa hay, which is nearly completed. The quality of this late hay is generally excellent, but the yield was curtailed by the dry weather.

Good progress was made in filling silos. Grass was started by the rains, and pasture are somewhat better; but more rain is needed in all sections, especially the hilly districts. Plowing and preparing soil for fall seeding made fair progress; but the ground is still too dry in many localities. Further rain is needed at once to prevent this work from being unduly delayed. Some rye, sown for a cover crop, is coming up since the rains. Very little wheat has been sown as yet. Gathering and marketing of pears and apples continues under favorable weather conditions.

Mrs. J. C. Nuckols and daughters of Ferndale shopped in the city yesterday.

Mr. and Mrs. C. W. Mealy of Pineville, chaperoned a motor party to Middlesboro last evening.

Don't forget the Daily News Bargain offer ends Saturday evening. See display ad in this issue.

THE JOY OF LIVING

he medder-lark complain, as he
swings high and dry
gh the waves of the wind and
the blue of the sky?
he quail set up and whistle in a
disappointed way,
ag his head in silence and sor-
row all the day?
chipmunk's health a failin—
Does he walk er does he run?
the buzzards ooze around up
thar just like the've allus done?
se anything the matter with the
rooster's lungs er voice?
Jortal be complainin' when dumb
animals rejoice?
let us, one and all, be contented
with out lot;
et us fill our hearts up with the
glory of the day,
banish every doubt and care and
sorrow away!
tever be our station, with Provi-
dence our guide,
fine circumstances ort to make
us satisfied;
the world is full of roses, and the
roses full of dew,
the dew is full of heavenly love
that drip fur me and you.

—James Whitcomb Riley.

riage
a Mode

White as the bride's color in most
ts of the country. But in Tunis
bride never wears white as it is
arded as the color of death. Like
e, the bride avoids white flowers,
t is considered bad form on the part
any of the guests to come garbed
white, as this also is considered un-
ky for the bride.

You Are
ell Bred

You do not introduce two people to
ch other unless you are quite cer-
in this will be agreeable to both.
You never interrupt a conversation
introduce a new-comer.
You do not make haphazard or care-
ss introductions, and you always pro-
ounce the names of both persons dis-
nctly. To slur over names is to cre-
te a strained and uncomfortable at-
osphere.

Executive Committee Of
Woman's Club Meet

The executive committee of the Wo-
man's Club met this morning at the
me of the president, Mrs D. G.
Hinks. Seven members were present.
Matters pertaining to the work of the
club for the ensuing year were discuss-
ed. Plans were completed for the op-
ening reception on October 9, also for
the District Convention on October 23,
which will be held at the Booneway
Inn.

Fall Festival Dance
Friday Night, October 6.

the Booneway Inn at 9 o'clock p. m.
to 2 o'clock a. m. Music will be
furnished by the All-Star Society En-
tertainers of New York City.

Whitfield Family
Move To Harlan

Mr. and Mrs. A. F. Whitfield and
family of Englewood road, who came
to Middlesboro from Alabama about
thirteen years ago, leave this week to
make their home in Harlan.

Mrs. John Surmann
Hostess At Dinner

Mr. and Mrs. John Surmann enter-
tained at their residence on Englewood
road today at dinner in honor of Mr.
and Mrs A. F. Whitfield and family
who leave tomorrow to reside in Har-
lan.

Home Economics
Club at L. C. I.

The Home Economics girls of Lee
County Industrial School, Ewing, Va.,
met Wednesday to organize a Home
Economics Club. Twenty-six members
were enrolled and the following of-
ficers elected: President, Dora Ritchie,
vice-president, Elizabeth Weston; sec-
retary, Grace Walker; treasurer, Ber-
nice Spencer; teacher, Miss Anna Gib-
son.

The club hopes to accomplish several
definite things during the year. One
is to develop and further the interest
in Home Economics work. Another is
to add to the equipment of the de-
partment

Mrs. Ernest Warren
Entertains Conference

The Christina Suday School Work-
ers' Conference met at the residence
of Mr. and Mrs. Ernest Warren of
Gloucester avenue, last night. The
home was artistically decorated with
vari colored dahlias. During the bus-
iness session a splendid address was
made by Superintendent J. W. Brad-
ner of the Public Schools. Twenty
guests were present.

Country Club Plans
Social Calendar

The house committee of the Middles-
boro Country Club held an important
meeting yesterday morning to make
social plans for the club for the next
eight months. Heretofore no definite
calendar of social events in the coun-
try club has been made and this com-
mittee has undertaken to see that there
will be. By having a social gathering
of club members at least once a month
a pleasanter acquaintance among club
members will be obtained and a larger
number of interesting social events for
the season will be provided. The
house committee is composed of the
following: Chairman, the Rev. R. D.
Laldwin; invitation, Mrs. L. L. Rob-
ertson; menu, Mrs. Arthur Rhorer
serving, Mrs. E. S. Helburn; china,
Mrs. E. G. Sheaffer, supplies. Mrs. J.
R Sampson, and entertainment, the
whole committee.

The committee appointed chairman,
one to have charge of each monthly
meeting. The chairmen are: October,
Mrs. F. P. Scales; November, Mrs. J
H. Jeffries, of Pineville; December,
Mrs. T. G. Anderson; January, Mrs
R. N. Watts of Pineville; February,
Mrs E. P. Nicholson; March, Mrs. W
E. Frazer; and April, Mrs. R K Judy
The first social event of this season
will be a silver tea October 10

President F. P. Scales of the country
club is planning a big four-day city
tournament for some time in October
and the ladies of the club intend to
take a hand in the entertainment pro-
gram at that time. To make plans for
this affair, several committees were
appointed, as follows: For ladies
trophies. Mrs. Arthur Rhorer, Mrs. J.
R. Sampson, and two others; for enter-
tainment the first day, Mrs. C K.
Brosheer, Mrs. S H Fulkerson and
three others; for entertainment sec-
ond day, Mrs. E. L Camp, Mrs O. B.
Hollingsworth and three others; for
entertainment third day, Mrs. John
Miller, Mrs J P. Edmonds, Mrs. E. P.
Nicholson and two others; for enter-
tainment fourth day, Mrs. I. B Dickey
Mrs. Philip Keeney and three others.

The house committee will hold in-
spection of the clubhouse next Tues-
day and make recommendations for
any change or improvements that they
think necessary.

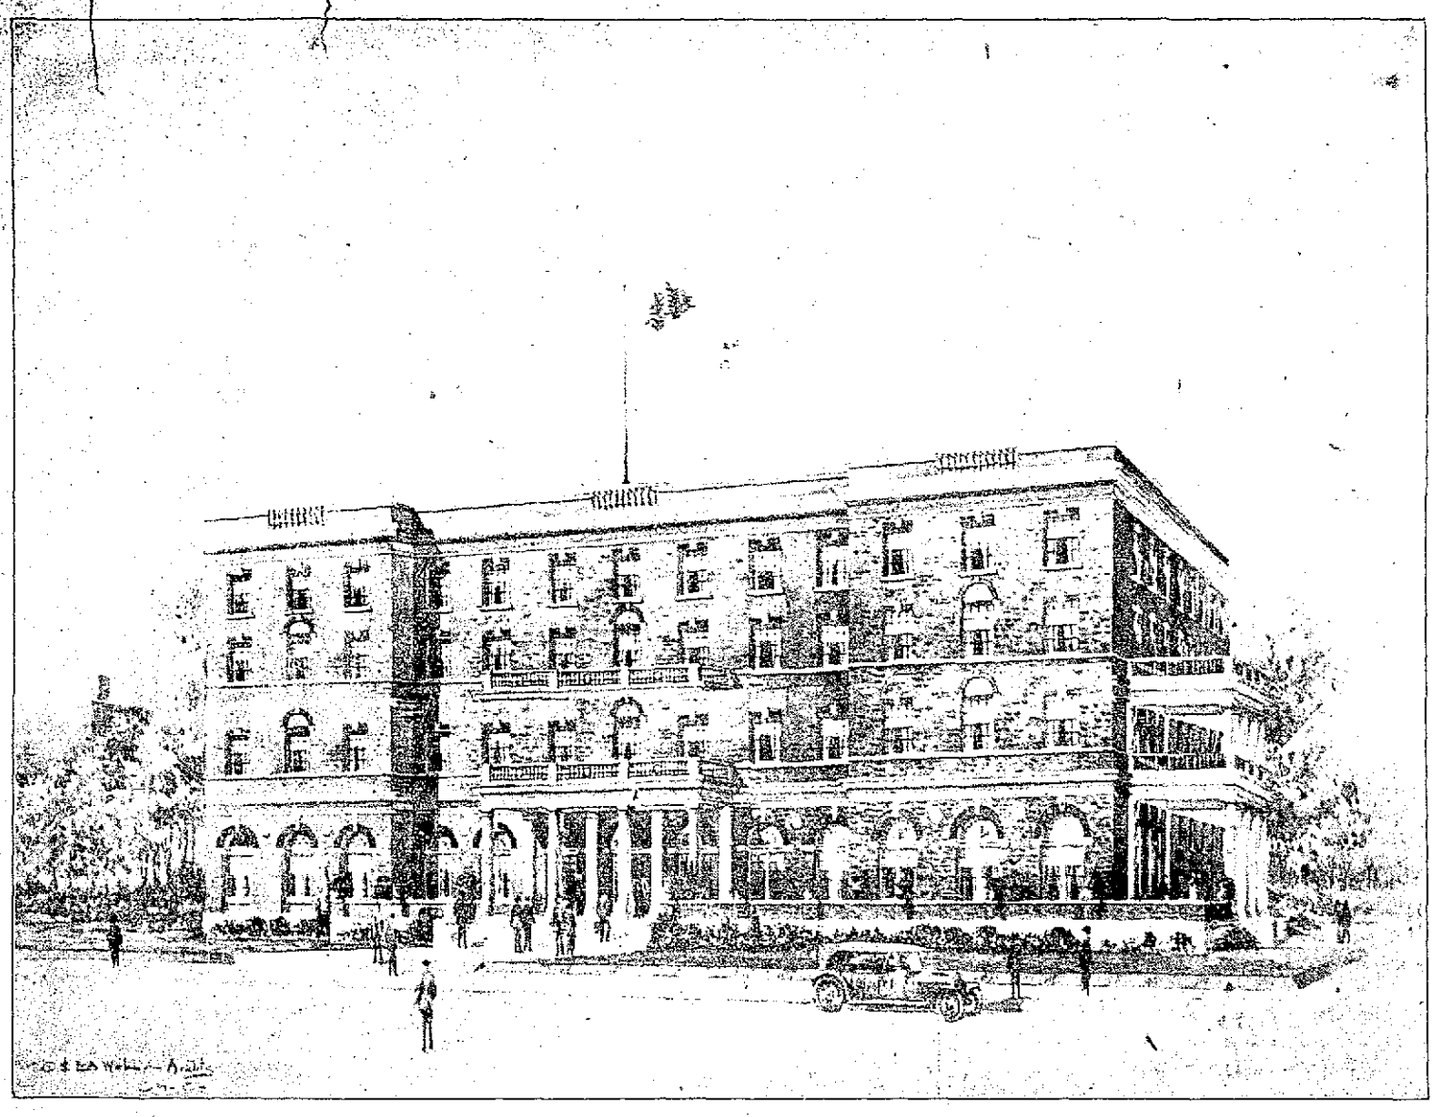
Middlesboro's Fine New Cumberland Hotel



The new Cumberland Hotel, which will open about the first of November, is a structure in which Middlesboro and all of the country roundabout should take a gret deal of pride. Erected by a Middlesboro corporation, it has been leased by a hotel man of experience and knowledge of hotels, and has been furnished in a manner worthy any hotel in any city.

The building stands on the site of the old Cumberland Hotel, in convenient location to the railway station. It is modern in every respect with the best appliances and finishings. The kitchen is particularly well-equipped, with its own refrigerating plant, its own bakery, and every thing done electrically. Each room has a telephone and connects with a bath. The lobby and parlors are to be carefully finished in an artistic and beautiful manner.

The lessee of the hotel is M. Todes of St. Louis, owner or manager of about twenty hotels in the United States, including the Henry Watterson in Louisville, two hotels in St. Louis, two in Jacksonville, Fla., and others throughout the east. The new manager is George Schenck, former assistant manager of the Henry Watterson in Louisville and a man well prepared for this work.

The hotel has four stories, with 125 sleeping rooms. It has a large dining room and private dining rooms. In the hotel will be a news stand, barber shop, billiard room and other such accessories.

TAZEWELL NEWS

Miss Trula Goin of Knoxville spent the week end with her uncle and aunt, Mr. and Mrs. Nelson Stone.

T. P. Rice and family were visiting relatives near Lone Mountain Sunday. They report as having enjoyed the trip very much.

IN POVERTY 81 YEARS, INHERITS A FORTUNE

By Milton Bronner

London, Sept. 28.—A fairy tale come true—

That is what her neighbors down on Copenhagen street, one of the poorest and drabbest quarters of gray London, say about the good fortune of Mrs. Mary Jane Young.

After 81 years of drudgery and poverty, she will spend her last days in ease, living on her share of a half million dollar inheritance.

Four years ago W. T. Hanks of Jersey City, N. J., died leaving the fortune. His nearest known relative was an Englishman, Ephraim Gregory, long since dead. The money therefore belonged to his children. But they could not be located.

After a long search Howard S. Harrington, a young American lawyer, got a clue which led to a coal mine district in Wales. There he found a son, John Charles Gregory, working as a collier.

He had lost track of his family. But he thought he had a sister living in London. They finally traced Mrs. Young to her little home.

"When I was younger," she says, "I used to dream about riches and happiness.

"I never had much of either. As time went on, I stopped dreaming. It interfered with my work. My sister had died. My brother went away. I didn't see him for forty-four years.

"Then suddenly he came with word of the fortune. All my hopes, dead for many years, were reborn.

"It seems that dreams come true—sometimes."

Mrs. Young is busy getting documentary evidence to prove her right to the fortune. As soon as she completes these records, she will mail them to America and get her share of the inheritance.

"And keep on dreaming," she says, "if it isn't too late."

MRS. MARY JANE YOUNG

Ewing Notes.

Mr. and Mrs. B. F. Daugherty left Saturday for a visit of several days with relatives at Pennington Gap and Jonesville. They expect to attend the Lee County fair which is being held at Jonesville this week, before returning.

Mrs. S. M. Bailey left Wednesday for Bristol to attend the annual conference of the M. E. church South, of this district.

Mr. and Mrs. M. E. Flanary of Dryden and C. C. Bales of Pennington Gap were here Tuesday on their way to Middlesboro. Mrs. Flanary spent Tuesday night as the guest of Mr. and Mrs. H. T. Ritchie.

Mrs. Y. W. Blessing, Mrs. Jessie B. Smith and Miss Pattie Fugate left Wednesday morning for a two days' trip to Knoxville to attend the Fair.

The Rev. J. W. Stewart of the M. E. church, South, left Tuesday for conference at Bristol.

F. B. Crockett continues to serve on the jury at Jonesville at the regular term of court which is being held there.

W. R. Sulfridge, dealer in Nash automobiles, and Pat Breeding left last Wednesday for Atlanta, Ga., where they will get some Nash cars, and drive them through over land.

Miss Bashie Kincaid and Miss Willa Mayo Hoskins left Wednesday afternoon to attend the fair at Knoxville.

C. E. Rowlett and family have moved into their new bungalow in the east end of Ewing.

S. S. Flanary of Gate City was calling on Ewing Merchants in the interest of the Brown Shoe Company.

Woodford county produced 5,456,700 pounds of tobacco in 1921; 7,763,699 pounds in 1920, and 8,259,202 pounds in 1919. Approximately 6,000 acres were under cultivation in 1921.

FIERY, ITCHY ECZEMA IS HEALED RIGHT UP WITH THIS SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It never fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Mentho-Sulphur from any good druggist and use it like a cold cream.

SAGE AND SULPHUR DARKENS GRAY HAIR

It's Grandmother's Recipe to Restore Color, Gloss and Attractiveness.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded, streaked or gray. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe, improved by the addition of other ingredients, at a small cost.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, glossy and attractive.

Wyeth's Sage and Sulphur Compound is a delightful toilet requisite for those who desire dark hair and a youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Each time you put down your cup, you'll echo the slogan—Good to the last drop
REG. U.S. PAT. OFF.
MAXWELL HOUSE COFFEE

Those Long Winter Evenings
keep your home warm and cosy with a
COLE'S ORIGINAL
HOT BLAST HEATER

THE health of your family depends upon properly heated rooms—warm floors. The maximum radiation, low base heat, air tight construction, and Hot Blast Combustion insure even temperature in all parts of the room at all times.

And besides, Cole's Original Hot Blast Heater is guaranteed to consume one-third less fuel than any underdraft stove on the market—guaranteed to hold fire for thirty six hours.

Let us show you yours today.

Bible Thought For To-day

HOW TO WIN—Trust in the Lord and do good, so shalt thou dwell in the land and verily thou shalt be fed

Commit thy way unto the Lord trust also in him and he shall bring it to pass —Psalm 37 3, 5

by long and patient watching of the hawk and swallow in flight Men and birds and mathematicians thus learned out the curves and the trick used by soaring birds

Chief obstacle to gliding by men is that the pilot is apt at any second to strike a new air current or hot Germain observers discovered that birds instinctively scent new air currents with their heads So the Germans are trying to develop a similar sense They are helped by a certain skin coating which makes their faces sensitive to the breath of wind

he peace treaty forbids Germany ing high power airplanes So she s to planes without motors

E $100,000 ND ISSUE

The importance of the $400,000 road bond issue to Bell County has seemingly, not been stressed to the great extent, and as the election draws nearer we find many people with a confused idea regarding the orth of the issue and others opposing because they say it makes high- es

This measure has been petitioned by progressive Bell County citizens because they realize the value of good roads to this section The mountain tricts of Kentucky and Tennessee ad until ten or fifteen years ago been almost a hundred years behind the rest of the country in development The people had been shut in from the outer world partly through the natural barriers of the mountains and partly because of their lack of information to know about the rest of the world They had gone on in the same way as their fathers had intermarried and in some cases degenerated until the sturdy mountaineer stock was no longer what it had been

In the last few years better education and good roads have made startling headway, so that now the towns here at least and the rural sections are as progressive as they are any where Conditions are far from model yet though and it is because of the backwardness that still exists that the leaders of this section are insisting on good roads to finally fasten the various communities together and with the rest of the country

The $400,000 bond issue will link Middlesboro and Pineville with Harlan will provide a good road to the section beyond Baptist Gap, and will pave the way for a straight road to Cincinnati and from there on north It is a great thing for Bell county and something that every person who has his county's welfare at heart will surely support

TODAY'S WORD.

Today's word is—PLOMB

Generally it is pronounced a plum th accent on the second syllable t strictly speaking the word being rench the only two syllables should accented equally and the second hould finish with a sound somebetween m, n and ng a nasal exact equivalent in English gives it as plon with the llable accented but the second eavily so

mes from French a to and ead

lly it means—perpendicularly dmirably his the sense of assur of manner self possession used like this—Kemal Pasha's an his dealings with the allies es is due in great measure to summer of French and Italian thy with Turkey's claims

BERTON BRALEY'S DAILY POEM

POSSIBILITIES

If a flea-dog were big as a pachyderm
And an elephant small as a dog
Would be unusual I affirm
And we could do all sorts
But after a little what I'll bet
It matter would cease to irk us
We'd keep the elephant as a pet
And send the dog to the circus

If a horse should shrink to the size of a mouse
And a mouse grow big as a horse
There would in fact be no end to the mix
(You follow my thought of course)
In the farm
So we'd hitch the mice to the stilly plow
Have duly cut by degrees
And daily by day we would worry how
To keep the horse from the cheese

If a flea should grow to the size of a man
And a man grow as small as a flea
Why life would be on a different plan
From what it used to be
For the man would hop and the man would bite
And the flea would have to obey him
Swatting the man with all his might
And endeavoring to elude him

Should any such things as these occur
We certainly would deplore them
But if they happened I must aver
We thought to be ready for them

THE REFEREE

BY ALBERT APPLE

Booze Cures

Before prohibition there were 142 booze cure institutions scattered over the country All but 16 have gone out of business

The old time souse is a vanishing institution The drink-cure is checking out with him partly because there is less drinking but mainly because the drunkard who guzzles the stuff that is served nowadays gets to the undertaker before Brothers Neal Gold, Keeley and Gatlin open their doors for him

Bootleggers

The bootlegger ob matter in N J C where hooch is dispensed in cases lots or ship loads moves from its old location on Mulberry Road to somewhere in the vicinity of Broadway and West 40th Rum sleuths are now scouring the exact address

A bootlegger in a West Virginia coal town figured out a system that made it unnecessary for him to move for some time When he sold a drink he made the customer buy two and sell one back Then the customer in tomatically became a bootlegger revenue officer or not So he thought The courts thought otherwise

Tax

Direct taxation by Uncle Sam now averages $26 80 a year for each person in the country At that we are getting off cheaply The English pay yearly tax average is $76 12, the Frenchman's $39 03

The German gets out with $1 26 a year which illustrates the desolation wrought by the ravages of losing a modern war

The figures are furnished by Hilton Young financial secretary to the British treasury

Growth

The philosopher who said that nothing is eternal except change would be interested in this

England, like Uncle Sam keeps standards or models of weights and measures supposedly absolutely accurate Now it discovers that the seven pound British yard stored in a sealed box for 30 years has grown a ten thousandth of an inch

Vibrations caused by changes are scientists But they are unable to explain why the Standard Troisi pound made of platinum has gained nearly three grams in weight

New Amsterdam

New York City in 1926 will celebrate the three hundredth anniversary of its founding Peter Minuit an Indian bought Manhat an Island from the Indians for $26 The same land for taxation purposes now has an assessed valuation of $6 000 000 000

Many other changes Crime, for instance Shortly after its founding New York City (then known as New Amsterdam) had a population of 270 yet in one morning 25 women appeared in police court also a small mob of men On a population basis that would be equivalent now to about a million showing up before the judge daily

Radio

The Air Mail Services 15 radio stations are now handling 10 000 000 words a year by wireless The cost is less than one cent a word

For about $37 000 radio gives the postoffice the same service that would cost $89 000 by leased wire

Radio can never go backward It is too economical

Tom Sims Says

The honeymoon ends when the coal bill begins

One would be mistaken in calling Dempsey's diary a scrapbook

Coal Men Agree on Price—headline Consumers don't

The man who merely blazes away seldom blazes the way

People who walk in their sleep should be policemen

Expecting nothing is an excellent way to get nothing

Woman in Car Stunts—headline Maybe a man gave her a seat

The man who claims he took cold in the fall last winter may have to do it this winter

No town is big enough for a truck drivers convention

When Willie voluntarily washes his face Cherchez la femme

36 Best one dozen frying chickens, (any breed), 2 bags Chicken Feed —W R Strange Co

ORGAN HAS COME INTO ITS OWN THROUGH MOVIES, SAYS PLAYER

Chicago, Sept 27—Jesse Crawford, organist at the Chicago Theater, in an interview, recently declared that after 10 years experience playing the organ in cinema houses he believed the organ had come into its own through the movies

The organ in the motion picture theater has come to stay," said Mr Crawford In the future it will play an integral part in musical programs in picture houses and even in theaters where legitimate attractions are staged It will never supplant the orchestra but it will have its place among the musical features because the public has developed appreciation of it

The organ in the modern theater and especially in the motion picture house offers the musician who thoroughly understands it an opportunity that no other instrument can equal, for from it he can draw musical coloring that will fit every situation The organ can supply very fine shadings and it will give the tempo and even the musical hints that are so essential to the successful presentation of a picture

The most satisfactory results in playing for pictures are obtained by playing without premeditation, he said He uses very little manuscript and usually builds up his accompaniment for a picture by carefully observing every scene and then providing his own musical setting He does not utilize stereotyped programs made up of excerpts from various numbers suitable for specified scenes and molded together Neither does he use cue music written expressly for picture playing He improvises

After several presentations of a picture he usually has worked out in his mind a well defined accompaniment He builds it up almost entirely by weaving together music that is applicable to the various scenes of the picture To provide this accompaniment in the beginning he plays extemporaneously, and then often it is necessary to improve and embelish the accompaniment

In playing for motion pictures one is governed largely by public taste One must ever study the audience To play for pictures successfully a musician must know something about the emotions of men and women, their sense of humor and the things that stir them To interpret pictures properly from a musical standpoint a musician must feel them '

Mr Crawford has given a series of organ recitals during the summer months He has presented programs of classical selections stirring marches concert and novelty numbers and light operatic selections One of the recitals was devoted to the presentation of musical numbers with interpretative remarks

---

Dr Thomas Walker was probably the most notable of the early explorers of the Big Sandy Valley Dr Walker's party entered Kentucky through Cumberland Gap, proceeded in a circuit out route across the waters of the Cumberland Kentucky and Licking Rivers about the middle of the year 21750

The surface of Grayson county is essentially that of a moderately uplifted plain or plateau with a few isolated knobs reaching an elevation of about 800 feet according to the report of the Kentucky Geological survey

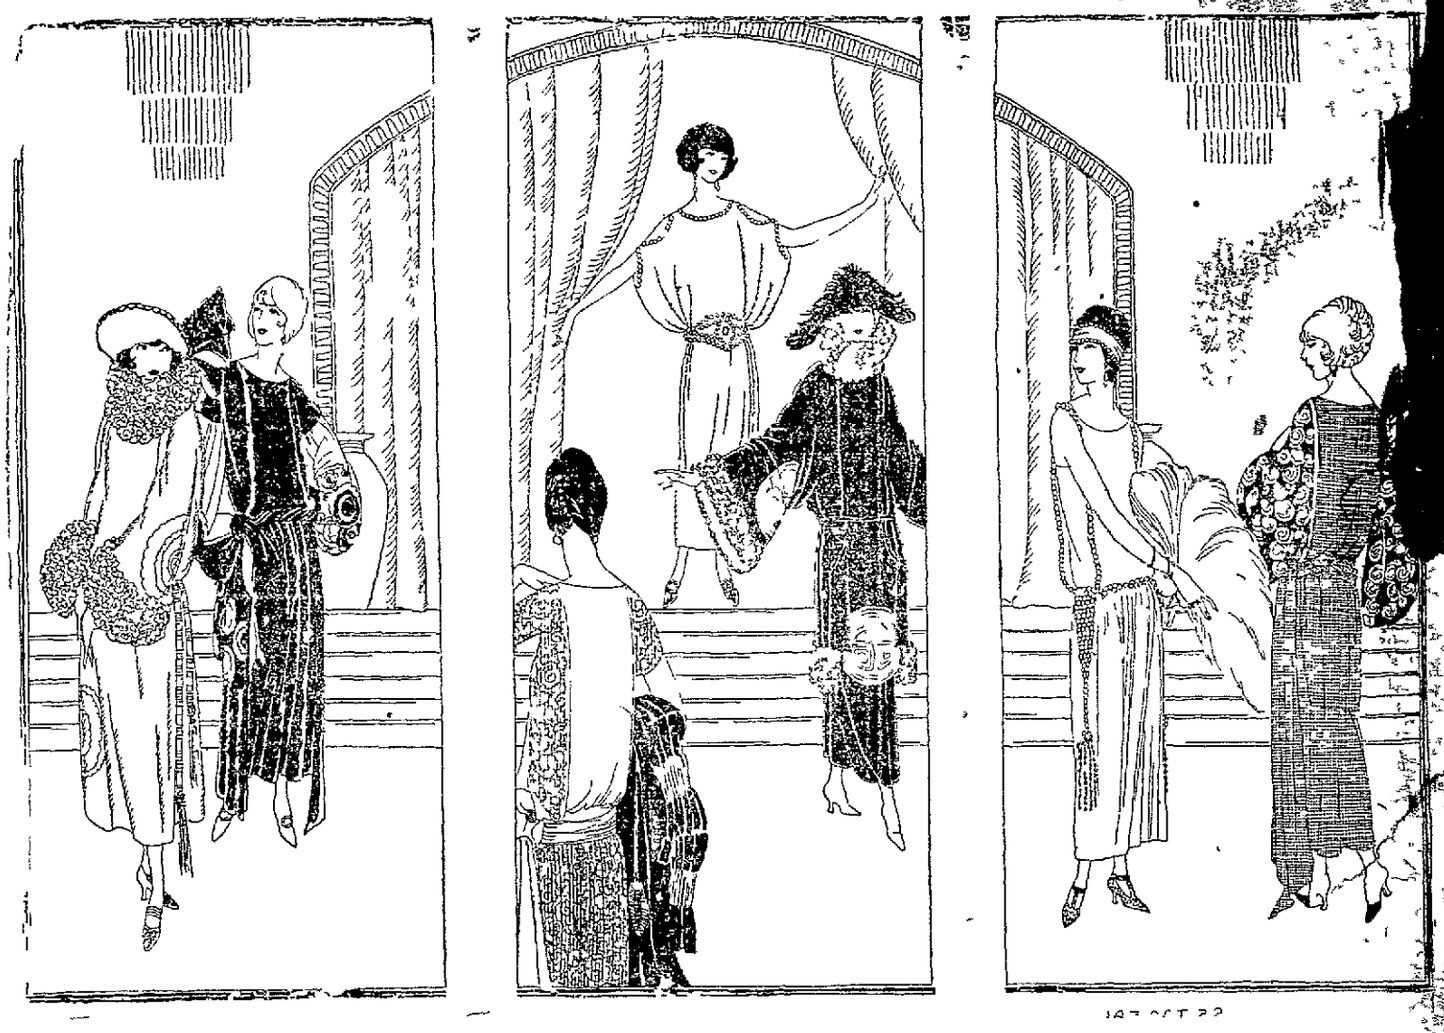
Upon regaining her speech a woman said Where Is My Husband? This is only natural



Gracefully Draped Coats Suits and Dresses

"LONG skirts that reveal the charming lines of the feminine figure"—that's how an eminent designer described the season's vogues.

This is carried out in Coats, Suits and Dresses at Wender's Store, and one appreciates the aptness of this descsiption when one tries on the fascinating models.

Coats

Leaves little or nothing to be desired in ultra-fashionable modes at savings that are just short of phenomenal for this time of year. The assortment is, indeed, compehensive and foretells, in an elaborate display, just what is going to be the favored fashons during the coming season.

Suits

Sets a new record in high prices on high-quality, advanced modes. There are Suits in this offering which represent a very remarkable purchase from one of our foremost manufacturers. The majority are exquisitely fur trmmed modes revealing in an abundant degree Fashion's most recent style conceptions for Fall and Winter. They are the sort of Suits you would never associate with such low prices.

Dresses

This offering is one of the best we have announced this season. It embraces a special underpriced purchase of brand new Fall Dresses which we are proud to place on sale at prices that should sell the entire number in one day. When you see the Dresses involved you will marvel at our ability to offer them at such moderate prices.

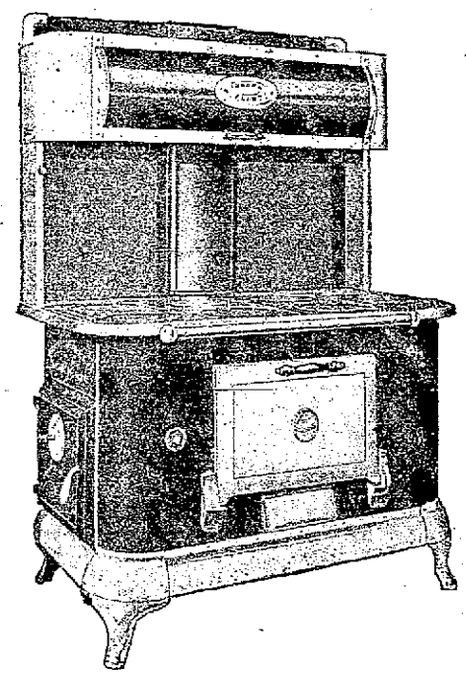
BROWN FLINT RANGE



BROWN FLINT RANGE

The range with tremendous Cooking Power! Seamless, airtight steel and cast iron range. The range that burns all kinds of fuel.

You will never be satisfied with anything but a Brown-Flint range. It embodies everything in the way of capacity, construction, durability, economy, and service.

A most beautiful piece of FURNITURE for the kitchen. A real ornament to any home, in its combination of silver and satin finish. The very maximum of comfort and economy.

STOP a moment and think what you are actually getting in REAL cash—shortening the hours—changing the everlasting slavery and drudgery to REAL pleasure and contentment. Enjoy 1095 well cooked meals each year.

Don't hesitate! Own a BrownFlint today! Life will then take on pleasures unknown and it will permeate throughout the entire household.

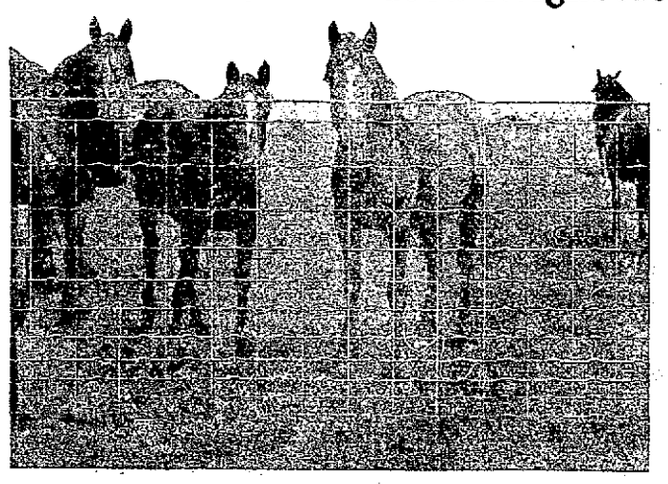
A GENERAL PURPOSE RANGE

The Brow-Flint is built in only one size—all are exactly alike. Suitable for all kinds of fuel—adapted to all localities. The farm where wood is used—the village or city where hard or soft coal is used. It takes only a small amount of fuel and does not require a great big firebox.

Keeping house is one of the biggest jobs we have to contend with. The housewife must be cook, nurse, doctor, teacher, seamstress, tailor, financier, diplomat. Her hours are from daylight until long after dark. She must be skillful for she has not a moment to lose. Why then should she not have the very best labor saving range in her workshop (the kitchen) that human ingenuity can produce?

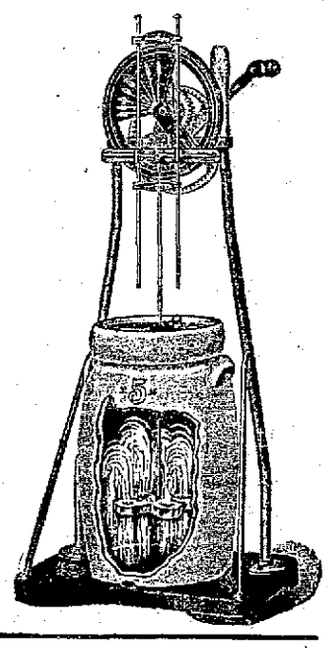
PRICE $85.00

Good Fences Make Good Neighbors



Don't neglect the horse. Will you wear a shoe that does not fit your foot? Well, don't make the poor old horse that has to work for his board only, wear harness that does not fit. We manufacture harness to fit the horse. We also repair harness and saddles. Visit our Harnes Shop.

SANITARY RELIABLE CHURNS



NOTE the clean, sanitary and simple construction of the RELIABLE CHURN. Any ordinary stone jar may be used, but we sell you with the machine a smooth, white, double-glazed, round and deep top, light jar, with large cut-under handles, broad flat rims inside where the lid lays steady and prevents any splashing out or anything getting in. It merely sets on the baseboard with backets to hold it in exact position.

The dash rod is of 1-4-in. spring steel and with ordinary care it does not rust or tarnish or affect the milk or butter in the least. Keep it bright and clean.

The dash or paddle is made of maple and is neat and simple.

DON'T FAIL TO SEE THIS CHURN ON DISPLAY AT THE HARVEST FESTIVAL.

Easy to operate—Sanitary and Reliable.
